Math Facts

Please practice addition and subtraction math facts with your child each night. It is very important that they have the basic facts, 0-12, memorized!!! We are starting an activity in the classroom where students will move "through the galaxy" as they memorize each fact family for addition and subtraction. Your help at home will encourage them as we work to memorize these facts!

**"Children, obey your parents in the Lord, for this is right. Honor your father and mother, which is the first commandment with a promise."
